Your attendance and purchases help ensure the conservation of our wildlife, wild lands and the future of our hunting and sporting heritage. Thank you for joining us.

We are proud of the success and growth of the Expo over the years and how it has become the premier "must attend" hunting and conservation event of the year. The 2022 Expo promises to be spectacular in every way. Our four-day event features nearly 500 exhibitors offering the industry's best guides, outfitters, professional hunters, artists, taxidermists, jewelers, furriers and purveyors of custom firearms, knives, optics, clothing and sporting gear.

We invite you to peruse, enjoy and purchase from our outstanding exhibitors and attend our informative seminars from industry pros. Our world-class banquets feature Friday Night Keynote Speaker Decorated U.S. Navy SEAL and Author of *Lone Survivor* Marcus Luttrell, and Utah Governor Spencer Cox. Our evening event entertainment will not disappoint.

Wednesday evening is the Exhibitor Welcome Back event where we bring you Country Music's Chris Petersen performing live. We are happy to announce the first-ever WHCE Kick-off event held Thursday night. This event features games, buffet-style dinner, drawings, and live entertainment by Charley Jenkins. You can settle in Saturday evening with one of Country Music's best LANCO. Our legendary auctions – in addition to hunts, trips, art and firearms – include over 50 state, provincial and tribal permits, more than anywhere on the planet. Ladies are "Off to the Races" at the Ladies Luncheon mid-day Friday complete with silent auction, fantastic drawings, exciting games and great prizes!

As an attendee, you have the exclusive opportunity to enter drawings for Utah's 200 best big game tags including, bighorn sheep, desert sheep, mule deer, elk, bison, antelope, black bear, moose and mountain goat. AUCTION & PURCHASE ITEMS TERMS & CONDITIONS

The Western Hunting & Conservation Expo (WHCE) is organized to benefit wildlife conservation in conjunction with the Mule Deer Foundation (MDF) and Sportsman for Fish & Wildlife (SFW) by generating funds through the auction of items donated by individuals and companies. SFW and MDF are non-profit charitable organizations organized under section 501(c)(3) of the Internal Revenue Service code.

1. Auction Bidders - Any bid made at a WHCE Auction, whether in person at a live auction, online, by telephone, or at a silent auction, constitutes an unconditional offer to buy the item in question at the price bid. A person who bids on behalf of another person or group will be ultimately held responsible for payment in its entirety, though such person may seek restitution of such from third parties.

2. Winning Bids - Unless a higher and subsequent bid is made, your bid creates a binding contract of purchase and obligates you to sign the Auction Receipt. In the case of a telephone bid, authorizes your authorized representative who made the bid to sign on your behalf. In the event that the successful bid was made by telephone, the bid price must be paid and received by either MDF or SFW, whoever offered the item for auction, prior to the close of the auction, unless other arrangement have been made (see #8).

3. All Sales Final - The auctioneer has the final authority on the amount paid for an item and/or the identity of the purchaser of the item. Auctioneers and spotters will make every attempt to acknowledge all desired bids, but WHCE, SFW and MDF are not responsible for any missed bids or bids that fail to be executed.

4. Auction Receipt - The Auction Receipt will be brought to you or your representative for signature immediately after your winning bid. A binding contract is formed by your bid and formalized by signing of the Auction Receipt. This binding contract requires that the bid amount be paid prior to the close of the auction unless other arrangement have been made (see #8). Participation in the auction and/or signature on the Auction Receipt, Silent Auction Bid Sheet or other Bid Form guarantees that the purchaser has read and understands these Auction Terms and Conditions and that the purchaser agrees to be legally bound by all terms, conditions, rules and regulations in relation to the auction and the auction item.

5. Full Responsibility of Purchaser - It is the Purchaser's Responsibility to Contact the Donor no later than 30 days after the auction Regarding Purchased Items, Services or Hunts to discuss the scheduling of their hunt or fishing trips. Dates and times for applicable items are to be used when indicated. In the absence of designated dates and times, the same are to be arranged at the mutual convenience of the donor and winning bidder/purchaser. It is the responsibility of the successful bidder, in a proper and timely manner, to apply and pay for all required tags and licenses on any hunting or fishing trip auctioned. WHCE, SFW and MDF is not, and will not, act as a conduit or go between with respect to the purchaser and donor.

6. No Warranties or Guarantee on Goods or Services - All goods, services, hunts or otherwise in the live and silent auctions and fund-raising areas have been acquired for and are to be furnished by or obtained from third parties. The purchaser acknowledges that the goods have not been inspected by WHCE and it is advised in the case of Jewelry, firearms, knives, bullets, and/or other weapons to obtain a competent inspection

and test of the goods before use. The goods sold in both the live and silent auctions are sold "As Is" with all faults and defects, and without any express or implied warranty on the part of WHCE, MDF or SFW. WHCE, MDF and SFW do not accept any liability or responsibility for any product, design or use. Any written warranties on the goods delivered to the high bidder are those solely of the manufacturer, and /or their agents, and shall be the sole liability and responsibility of the manufacturer. No services in the live auction are to be or will be performed by WHCE, MDF or SFW. WHCE, MDF and SFW shall bear no responsibilities for the delivery or quality of any of the services, or for any loss or damages arising from or related to or connected with the performance or non-performance of such services.

7. Hold Harmless - There will be no exchanges or refunds in any item. Although WHCE, SFW and MDF have made every effort to ensure the quality of donated hunts and trips, WHCE, SFW and MDF cannot and does not guarantee the satisfaction of either the donor or the purchaser. Purchaser agrees to hold WHCE, SFW and MDF harmless regarding any dissatisfaction or failures by donor to fulfill purchases. WHCE reserves the right to add items to the auctions as additional donations become available.

8. LIVE AUCTION PAYMENT SCHEDULES

All auction items, \$10,000 or less, **MUST be paid for by the close of the event where purchased.** Payments will be taken at the Auction Payment Table during the Friday Day Auction, Friday Night Banquet, Friday Ladies Lunch and Auction and Saturday Night Banquet. The Mule Deer Foundation is honored to offer its 2022 Gun of the Year. Proudly built in Rice Lake, Wisconsin, this Henry rifle is chambered in one of America's longest-lived hunting calibers and embellished with highly detailed engraving exclusive to MDF.

Chambered in .45-70 Gov't, the engraving work on both sides of the blued steel receiver set this rifle apart from the rest of the guns at deer camp. The right side features the Mule Deer Foundation logo selectively plated in 24k gold to the rear of the side loading gate, all of which is surrounded by flowing leafy vine scrollwork and an elegant gold border. On the opposite side, a broadside portrayal of a mule deer in mid-leap lies at the center of near full-coverage scrollwork. The deer jumps off the hilly background with contrast provided by more gold plating.

The 18.43" round blued steel barrel sits atop a 4-round capacity magazine that can be loaded or topped off with the side loading gate. A removable inner magazine tube allows for safe unloading. An internal transfer bar safety provides further safety without the need for external buttons or switches.

Just as much a deer stopper as it is a showstopper, this rifle is finished off with practical features like fully adjustable sights, sling swivel studs, drilled and tapped holes on top of the receiver for an optics base, a large loop lever, and a ventilated rubber recoil pad. The checkered genuine American walnut stocks are the perfect furniture choice for a classy hunting rifle such as this.

Hunt Archery Mule Deer during the Arizona rut. This is a 2 on 1 guided hunt with one of SFWs endorsed outfitters. Those who choose to hunt in Arizona, are in for some non-stop action. This outfitter has highly managed ranches, that consistently produce trophy animals. The primary means of hunting is spot and stalk. This will include long hours of glassing and patience. The hunter can bring their own optics or they can use outfitter provided high-quality optics. Some of the ranches have established food plots which significantly increases deer frequency. This hunt is built for the serious rut hunter - it is offered during the peak of the Arizona breeding activity during December and January. Hunters can expect to see eight to ten bucks a day, with most making the Pope and Young minimum. Hunt takes place on both public and private ground depending on where the deer are located.

It is a Winchester Model 1894 Carbine 100th anniversary Old Ephraim commemorative with 20” round barrel, carbine strap buttplate and barrel band, ladder rear sight, Marble Arms front sight, and Grade III/VI walnut stock and forearm, chambered in .25-35 Winchester, the original caliber that killed Old Ephraim.

Gold inlaid engraving on both sides of the receiver and right side of the barrel, 100 made with special serial #s.

Nearly 100 years ago a sheep herder in Logan Canyon named Frank Clark trapped and killed a notorious Grizzly bear that roamed the mountains from Soda Springs Idaho to Morgan Utah. This Grizzly, known as Old Ephraim or 3 toes, spent several years decimating sheep, cattle and wildlife, because this bear was so devastating on livestock, many herdsmen refused to graze on the Cache National Forest East of Logan, Utah. As the 100 Year Anniversary approaches, Mark Thompson Owner of Thompson Long Range has been working with Winchester for the last 3 years to produce and deliver a limited build of 100, anniversary, 25-35 lever action rifles. He has generously donated to SFW Rifle #5 of 100.

Osceola is a 10-year-old 14.1-hand mare mule that is stoutly built and very gentle. Osceola has been trained by Jake and Kay Clark of Powell, Wyoming. In these photos is the Clark's 14-year-old granddaughter riding her on a 14-day trip into the Wyoming mountain ranges. Osceola was originally owned by an 84-year-old gentleman who raised her and trained her to that point in her life. If you can't ride her, you better get a 4-wheeler. She has been trail ridden and packed extensively as part of an outfitting business for the last two seasons. Osceola is as good as mules get, very kind and gentle, and will be good for any new owner.
