# WELCOME SPORTSMEN AND SPORTSWOMEN!

Welcome to the 19th Annual Western Hunting & Conservation Expo, where conservation comes alive!

The Mule Deer Foundation (MDF) and Sportsmen for Fish & Wildlife (SFW) are proud to bring you the most exciting and eagerly anticipated hunting and conservation event of the year. Your attendance and your purchases help ensure the conservation of our wildlife, wild lands and the future of our hunting and sporting heritage. Thank you for joining us.

This annual gathering of hunters, conservationists, and industry professionals is much more than a showcase of hunting and outdoor gear—it's a cornerstone event for funding critical wildlife conservation programs. The Expo raises millions of dollars each year to support habitat restoration, wildlife management initiatives, and the preservation of North America's cherished hunting heritage. Over the years, funds generated by the Expo have been instrumental in rehabilitating and improving millions of acres of critical wildlife habitats, funding wildlife captures and transplants, ground-breaking wildlife research, and fostering sustainable hunting practices. In the most recent years, the Expo raised \$15.2 million for wildlife conservation in 2024, \$14 million in 2023, \$9.7 million in 2022, and \$8.1 million in 2021.

The Expo has grown beyond anyone's expectations. Exhibitors know the value of being exposed to the tens of thousands of hunters who walk the show floor each year, and we are responding with expanded exhibit areas and more opportunities to interact with attendees than ever before. This year's Expo features more than 590 exhibitors, including guides, outfitters, and companies from across the United States, Canada, Asia, Europe, and beyond. We invite you to explore cutting-edge outdoor gear, network with experts, and discover premier hunting destinations from around the globe.

Daily events and evening banquets throughout the four-day Expo bring an impressive lineup of exciting events, auction items, and live entertainment. We invite everyone to attend evening banquets and live auctions. Enjoy Friday night's special guest speaker Colonel Nick Nichols, USAF (Ret), President of Folds of Honor Foundation, as well as live performances by country music entertainers Cole Hartley and Rodney Atkins. Don't miss Sheep Camp held Saturday in the Grand Ballroom where 10 fully guided wild sheep hunts valued at more than \$500,000 are given away on the spot. While you are here, don't forget to apply for Utah's Top 200 big game and limited entry tags including, elk, bighorn sheep, desert sheep, mule deer, bison, pronghorn, black bear, moose and mountain goat. Apply online and then validate your applications in Room 250 to and be included in this one-of-a-kind hunt drawing.

On behalf of our collective boards of directors, volunteers, and staff, we thank each of you for your support, patronage and attendance. Enjoy the show!

# AUCTION PURCHASE POLICY & TERMS OF SALE

The Western Hunting & Conservation Expo (EXPO) is organized to benefit wildlife conservation in conjunction with Sportsman for Fish & Wildlife (SFW) and the Mule Deer Foundation (MDF) by generating funds through the auction of items donated by individuals and companies. SFW and MDF are both non-profit charitable organizations organized under section 501(c)(3) of the Internal Revenue Service code.

1. Auction Bidders - Any bid made at an EXPO Auction, whether in person at a live auction, by telephone, or at a silent auction, constitutes an unconditional offer to buy the item in question at the price bid. A person who bids on behalf of another person or group will be ultimately held responsible for payment in its entirety, though such person may seek restitution of such from third parties.

2. Winning Bids - Unless a higher and subsequent bid is made, your bid creates a binding contract of purchase and obligates you to sign the Auction Receipt. In the case of a telephone bid, authorizes your authorized representative who made the bid to sign on your behalf. In the event that the successful bid was made by telephone, the bid price must be received by either MDF or SFW, whoever offered the item for auction, before the close of the fifth business day after the close of the auction.

3. All Sales Final - The auctioneer has the final authority on the amount paid for an item and/or the identity of the purchaser of the item. Auctioneers and spotters will make every attempt to acknowledge all desired bids, but EXPO, SFW and MDF are not responsible for any missed bids or bids that fail to be executed.

4. Auction Receipt - The Auction Receipt will be brought to you or your representative for signature immediately following your winning bid. A binding contract is formed by your bid and formalized by signing of the Auction Receipt. This binding contract requires that the bid amount be paid prior to the close of the auction. Participation in the auction and/or signature on the Auction Receipt, Silent Auction Bid Sheet or other Bid Form guarantees that the purchaser has read and understands these Auction Terms and Conditions and that the purchaser agrees to be legally bound by all terms, conditions, rules and regulations in relation to the auction and the auction item.

5. Full Responsibility of Purchaser - It is the purchaser's responsibility to contact the donor no later than 30 days after the auction regarding purchased items, services or hunts to discuss the scheduling of their hunt or fishing trips. Dates and times for applicable items are to be used when indicated. In the absence of designated dates and times, the same are to be arranged at the mutual convenience of the donor and winning bidder/purchaser. It is the responsibility of the successful bidder, in a proper and timely manner, to apply and pay for all required tags and licenses on any hunting or fishing trip auctioned. EXPO, SFW and MDF is not, and will not act as, a conduit or go between with respect to the purchaser and donor.

6. No Warranties or Guarantee on Goods or Services - All goods, services, hunts or otherwise in the live and silent auctions and fund-raising areas have been acquired for and are to be furnished by or obtained from third parties. The purchaser acknowledges that the goods have not been inspected by EXPO and it is advised

in the case of jewelry, firearms, knives, bullets, and/or other weapons to obtain a competent inspection and test of the goods before use. The goods sold in both the live and silent auctions are sold "As Is" with all faults and defects, and without any express or implied warranty on the part of EXPO, MDF or SFW. EXPO, MDF and SFW do not accept any liability or responsibility for any product, design, or use. Any written warranties on the goods delivered to the high bidder are those solely of the manufacturer, and /or their agents and shall be the sole liability and responsibility of the manufacturer. No services in the live auction are to be or will be performed by EXPO, MDF or SFW. EXPO, MDF and SFW shall bear no responsibilities for the delivery or quality of any of the services, or for any loss or damages arising from or related to or connected with the performance or non-performance of such services.

7. Hold Harmless - There will be no exchanges or refunds on any item. Although EXPO, SFW and MDF have made every effort to ensure the quality of donated hunts and trips, EXPO, SFW and MDF cannot and does not guarantee the satisfaction of either the donor or the purchaser. Purchaser agrees to hold EXPO, SFW and MDF harmless regarding any dissatisfaction or failures by donor to fulfill purchases. EXPO reserves the right to add items to the auctions as additional donations become available.

## 8. LIVE AUCTION PAYMENT SCHEDULES

All auction items, \$10,000 or less, **MUST be paid for by the close of the event where purchased.** Payments will be taken at the Auction Payment Table during the Friday Day Auction, Friday Night Banquet, Friday Ladies Lunch and Auction and Saturday Night Banquet. Payments can be made by cash, check, Visa, MasterCard, Discover and American Express. **A credit card must be on file to hold any item over \$10,000, and cash or check will be expected no later than February 28, 2025.** Arrangements for item pick-up can be made at the time of payment. Any items left in the inventory, either unpaid, or uncollected, will be taken back to EXPO warehouse and shipped at the purchaser's expense. We ask that you pay for State tags with cash or check.

**\*\*A 3% buyer's premium will be added to all State tag items paid for with a credit card. No buyer's premium will be added when paying with cash or check.**

## 9. CLAIMING AUCTION ITEMS PURCHASED

An Auction Runner will bring the sales receipt to the table of the winner for signature immediately upon winning the bid. As mentioned above, the sales receipt formalizes a binding contract made at the time of your bid. The Auction Volunteer Team will be available in each auction to assist you in obtaining your item.

## 10. SPECIAL CONDITIONS REGARDING FIREARMS

Before taking possession of your purchased firearm, the gun must be registered in compliance with all federal, state, and local firearms laws. The procedures for claiming your firearm are as follows:

Step #1: Upon winning/purchasing any firearm you must confirm with your local FFL Dealer to accepting the transfer of the firearm won/purchased and taking possession of the firearm to conduct a 4473 for the winner/purchaser to take possession upon a successful 4473.

Step #2: Mule Deer Foundation (MDF) or Sportsman for Fish & Wildlife (SFW) will ship the firearm to your pre-arranged FFL Dealer with the appropriate paperwork identifying you as the recipient of the firearm and transfer documentation for the FFL Dealer.

Step #3: Your local FFL Dealer will be the point of contact for all firearm related transfers.

Colorado is home to the largest elk herd in the United States, with 290,000 elk, and has some exceptional bulls. Several trophy elk units in Colorado are taking over 25 years to draw a license. Here is your opportunity to get past the crowd, jump to the head of the line and harvest a great bull elk. Colorado is home to many Boone & Crockett or Pope & Young qualifying animals. Come hunt the high country during the rut or wait and catch the animals moving to winter range. Take advantage of this opportunity to visit Colorado and harvest the bull of a lifetime!

Offered by the Mule Deer Foundation. MDF is a 501(c)3 tax exempt charitable organization.

Area: Statewide (seasonal and localized closures apply)

Dates: An auction or raffle elk license is valid in all units that are open to the hunting of elk in Colorado and entitles you to take one elk of either sex.

The elk license is valid on a unit-by-unit basis from the beginning of the first open elk season in the unit until December 31st. Once an elk season of any method of take has opened in a unit (archery season), you can hunt using any legal manner of take (i.e., rifle, muzzleloader, archery) until you harvest an elk or until December 31st. That’s right, you can hunt starting Sept 2nd with a rifle and continue hunting when no other hunting seasons are open and before regular rifle seasons start.

Caribou... We hunt big valleys, glassing from vantage points and visually covering a lot of ground. It is very common to see sheep, grizzly, black bear, moose, and caribou in these valleys and many hunters have taken multiple species on their hunt. The season runs from August 10th to September 30th which allows you to choose a velvet or hard antlered rack.

Interior Grizzly/Brown Bear... On these hunts, we target mature males. Boar grizzlies can grow to 9' but the average is around 7'6". Bears in the 8' range are not uncommon. We spot and stalk hunt from tent camps.

Kevin Norman (435) 770-5978 • kevin@sfw.net  
SFW is a 501(c)3 tax exempt charitable organization

New Mexico deer hunt for 2 hunters with an SFW exclusive outfitter. On this private 25,000 acre ranch, it is not uncommon to see over 150 mule deer per day. Outfitter prefers to harvest 170" deer or better on this ranch. This is a unique opportunity to hunt water holes, sagebrush, timber, brush pockets, and even some sand dunes. This is a fully guided hunt with the outfitter providing all in field transportation. Closest airports are Hobbs, NM or Midland, TX. Winning bidder will have the choice of staying in an old school farmhouse on property, or in a hotel (nearest town approximately 20 miles away). The majority of the hunting on this ranch is spot and stalk. Bring a flat shooting rifle and good stable optics (tripod). The ranch is spread out and most is accessible by vehicle. Due to low physical demand, hunters of all abilities are encouraged to hunt on the ranch. Plan on shot opportunities anywhere between 100 - 500 yards. Hunter is responsible for New Mexico tags and license.

An exciting 5-day trapline adventure in Whitecourt, Alberta Canada, for one person. Once you get settled into the lodge, we will get right to checking a working trapline. Different areas of the trapline are checked daily from December to late March. You will have an opportunity to trap a variety of different furbearers including: Marten, Fisher, Lynx, Beaver, Muskrats, Otter, Fox,

Coyote, Weasels, Squirrels and Wolves (depending on time of year and seasons). In Alberta trappers are assigned, and own a specific trapping area, so we will be the only trapper on a 400 sq km trapline. We will build and prepare our own snares and employ a variety of trapping methods for different species, as well as choose and lay out bait sites and snare locations for wolf and coyote. We will be processing a variety of different animals (depending on what we catch) from skinning and fleshing to boarding and finishing. One day can usually be spent calling for coyotes as well. If the opportunity arises to call or shoot a wolf, there is a trophy fee on wolves (\$2500 usd).

Come join us in the beautiful woodlands of North & Central Missouri for a classic archery/crossbow free range Whitetail Deer hunt. Hunting takes place from tree stands & ground blinds in hardwood forests, along woodland creeks, field edges, and over food plots. Average trophy sizes range from 125-150, with a few 160-180 Missouri bruisers being harvested each year. This is a wild and entirely free ranging hunt that takes place on multiple private land parcels scattered over 4 counties, public lands, and leased grounds. We are the only Licensed Guide & Outfitter hunting the pristine Mark Twain National Forest of Missouri on a special use permit. We operate two lodges, one North & one South of I-70. After a full day of hunting, return to the beautiful lodges and enjoy multi course chef-prepared meals in our stunning fine dining room. This hunt is for 2 hunters.

Under part of the Big Sky is Eastern Montana and its dramatic landscape of rolling hills of ponderosa, sandstone reefs, and innumerable coulees. This is the perfect terrain for the legendary Merriam's Turkey. They say turkey hunting is like elk hunting, just a bit warmer (and easier!).

Your hosts, guides and lodging for accommodations for three days of hunting for two people will be TrophiesWest located southwest of Forsyth Montana. TrophiesWest has access to hundreds of thousands of acres on private ranches on which you will call and chase one of the greatest game birds on the North American continent: the Merriam's Turkey.

Trip Details:  
 Guests: 2  
 Days/nights: 3 days, 3 nights  
 Guided hunting for two: 3 days  
 Lodging for two people  
 All meals included.

Hunting license, turkey tag, and tips for staff: not included.

Dates:  
 Arrive by 5pm on May 14  
 Hunt days, 5/15, 5/16, and 5/17 (if needed).  
 Prairie dog hunt can be added for \$1,500 per person.

Donated by Eventgroove based in Bozeman, Montana. The Mule Deer Foundation runs its chapter event operations, branded event products and fundraising on the Eventgroove software platform. **ALBERTA MINISTER’S TURKEY LICENSE 2025**

Sportsmen for Fish & Wildlife

Kevin Norman (435) 770-5978 • kevin@sfw.net

SFW is a 501(c)3 tax exempt charitable organization

There are currently no non-resident/non-resident alien wild turkey opportunities in Alberta, Canada, so this Minister’s Special License (MSL) is truly something few hunters in the world will ever experience. Even among Alberta residents, harvesting a turkey is a coveted opportunity as limited opportunities exist. In an extremely low-pressure environment that boasts a healthy population, turkey hunters in Alberta have historically found no issue in harvesting an amazing Merriam’s Tom on their hunt. Alberta’s turkey hunting season runs through the month of May, but as the holder of the special opportunity, you can hunt before and beyond the season dates in any Wildlife Management Unit (WMU) where a turkey season exists, with your weapon of choice.

**LICENSE CONDITIONS:**

The holder of this Wild Turkey Minister’s Special License is authorized to hunt one wild turkey, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below:

- This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where a wild turkey hunting season is identified in the current Alberta Guide to Hunting Regulations.
- This license may be held by hunters of any residency status, however, a license holder who is not an Alberta resident must enter into a contract with the holder of a valid Outfitter Permit and be accompanied by a designated guide in accordance with the Wildlife Regulation.
- This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and the current Alberta Guide to Hunting Regulations.
- This license does not authorize hunting on Sunday in WMUs where Sunday hunting of big game is prohibited.
- While hunting under the authority of this license the hunter may use any legal weapon as defined in the Wildlife Regulation. A crossbow license or bow hunting permit must be obtained by the MSL license holder should they choose to hunt with these weapons. Please note that the use of rifles during archery seasons should be undertaken with extreme caution and consideration as archery hunters may be using decoys to hunt several big game species. Please be considerate of other hunters to avoid conflicts and ensure safe hunting for all.
- A hunter is required to hold a Wildlife Certificate before hunting and when hunting with a bow must hold a bow hunting permit. This approval does not exempt the MSL holder from the need to follow weapons use restrictions governed by other applicable legislation and regulations, including municipal bylaws.
- This license opportunity may not be designated to a hunter or license holder via fee or remuneration (may not be sold or exchanged for value).

### ALBERTA MINISTER'S PRONGHORN LICENSE 2025

Sportsmen for Fish & Wildlife

Kevin Norman (435) 770-5978 • kevin@sfw.net

SFW is a 501(c)3 tax exempt charitable organization

A carefully managed big game species, Alberta is home to some of the biggest pronghorn in North America. Over the years, many Alberta pronghorn antelope have ranked high in the Boone & Crockett and Pope & Young record books, including a 90-inch buck taken in the last 10 years and 10 more that scored over 85. Our outfitters employ a range of hunting strategies, including spot-and-stalk, decoying, and blinds at water holes. Bowhunters of pronghorn in Alberta find the greatest success decoying, which is a thrilling and highly interactive method of hunting, and an attractive strategy to those hoping to avoid long hot sits over waterholes. Hunters can expect to see very large numbers of pronghorn on any given day, among other game. Since Alberta's pronghorn inhabit many of our best-known whitetail and mule deer areas, presenting an excellent opportunity for combination hunts, depending on your timing and outfitter of choice. With this Minister's Special License (MSL), not only you can start earlier and hunt later than other pronghorn hunters, but you can also hunt any management unit in which a pronghorn season exists with any weapon, for a full 365 days.

#### LICENSE CONDITIONS:

The holder of this Trophy Antelope Minister's Special License (MSL) is authorized to hunt one Trophy Antelope, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below.

- This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where an antelope hunting season is identified in the current Alberta Guide to Hunting Regulations.
- This license may be held by hunters of any residency status, however, a license holder who is not an Alberta resident must enter into a contract with the holder of a valid Outfitter Permit and be accompanied by a designated guide in accordance with the Wildlife Regulation.
- This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and the current Alberta Guide to Hunting Regulations.
- This license does not authorize hunting on Sunday in WMUs where the Sunday hunting of big game is prohibited.
- While hunting under the authority of this license the hunter may use any legal weapon as defined in the Wildlife Regulation. A crossbow license or bow hunting permit must be obtained by the MSL license holder should they choose to hunt with these weapons. Please note that the use of rifles during archery seasons should be undertaken with extreme caution and consideration as archery hunters may be using decoys to hunt several big game species. Please be considerate of other hunters to avoid conflicts and ensure safe hunting for all.
- A hunter is required to hold a Wildlife Certificate before hunting and, when hunting with a bow, must hold a bow hunting permit. This approval does not exempt the MSL holder from the need to follow weapons use restrictions governed by other applicable legislation and regulations, including municipal bylaws.
- This license opportunity may not be designated to a hunter or license holder via fee or remuneration (may not be sold or exchanged for value).

 5 days of fishing  
 July 14-19, 2025

Take 3 of your best friends or family members on this fly in Alaska fishing trip with Gabe Davis of Davis Outfitters out of Dillingham Alaska. Stay and fish for 5 days in your own cabin, on your own remote lake, in the largest state park in the country, Wood Tikchik State Park. Camp is provided and some of the amenities include: Hard sided 20' diameter dome cabin with heating stove, cots, sleeping pads, cooking utensils, fishing poles. Also comes complete with your own private 18' flat bottom boat with a 60 HP Jet Motor.

Gabe has an In-Reach for camp use. Winners may want to consider bringing their own portable Star Link if they need connection while in camp.

Winners simply need to bring their own clothes, rain gear, tackle and sleeping bags. You can also bring your own fishing rods but it is not required.

Hunters will fly into Dillingham on Monday. Gabe will charter you, 2 at a time, approximately 40 minutes north to the cabin and lake in the Wood Tikchik State Park

On your final day, Gabe will charter you back to Dillingham so you can either catch your flight out to Anchorage that afternoon or you can get a hotel in Dillingham for that night.

Retail value \$3500 per person. \$14,000 total.

Not included: Travel to and from Dillingham, Fishing Licenses

**ALBERTA MINISTER'S COUGAR LICENSE 2025**

Sportsmen for Fish & Wildlife  
 Kevin Norman (435) 770-5978 • [kevin@sfw.net](mailto:kevin@sfw.net)  
 SFW is a 501(c)3 tax exempt charitable organization

Alberta, Canada is known as one of North America's premier cougar hunting destinations, and we have definitely earned this reputation! Holding the #1, #2, #8, and #10 spots in the Safari Club International (SCI) Record Book and the #3 and #5 spots in the Boone & Crockett Record Book, Alberta holds an incredible percentage of the top 10 cougars ever taken on this continent. Cougar hunting in Alberta is almost exclusively done with the use of hounds, with the thrill of targeting large tracks in fresh snowfall with the help of your host outfitter. Alberta's climate through these months is dependably cold and wintry, with a high probability of fresh snowfall coming through on any given night. With some of the largest cougars having been taken in their densely populated habitats close to major municipalities of Calgary, Edmonton, and Canmore, cougar hunting in Alberta is as accessible and as prime as it gets. With this Minister's Special License, you have the opportunity to get out earlier than most hunters, and stay out beyond the season dates, as the permit runs from August 25, 2025 to August 24, 2026.

**LICENSE CONDITIONS:**

The holder of this Cougar Minister's Special License is authorized to hunt one cougar, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below.

- ♦ This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where a cougar hunting season is identified in the current Alberta Guide to Hunting Regulations.
- ♦ This license may be held by hunters of any residency status, however, a license holder who is

Our preferred hunting method is typically spot and stalk, guided at a 2x1 ratio. Although we do have blinds available, the majority of the hunt will involve spot and stalk techniques. The hunting activities start from early morning and continue until dusk, ensuring ample time in the field. During the midday break, you'll have the opportunity to savor our talented chef's delicious meals and experience a traditional Argentine siesta to recharge before the afternoon hunt. As the day comes to a close, a satisfying dinner awaits, accompanied by refreshing drinks, engaging conversations, and laughter around our spacious fire pit.

Situated in the heart of La Pampa state, Catena's ranch offers an exceptional setting for this once-in-a-lifetime experience. Andalen lodge provides comfortable double-based rooms with private bathrooms, reliable warm water, electricity, and Wi-Fi connectivity. We take great pride in our gastronomy, as we are passionate food and wine lovers, ensuring you'll be treated to high-quality meals and beverages throughout your stay.

Terms: 1 Trophy per person, 1x Blackbuck, 1x Patagonic Ram, 2x Wild Boar. Each Hunter will choose one (1) of the donated trophies.

Dates: March to April 2026, can be delayed to 2027

**WATCHTOWER TYPE 15 RIFLE**

Contact: David Dibben  
davedibben@gmail.com + (816) 289-9299

The SPEC-OPS Type 15 from WATCHTOWER is an exceptional rifle that will last a lifetime. It surpasses standard military specifications with its combination of billet precision and military heritage.

Crafted from 7075-T6 billet aluminum, minimizing wobble and fortifying the firearm against dust and debris. It includes ambidextrous controls like the charging handle and safety selector, catering for more dexterity. Additionally, we upgraded to use Hiperfire’s EDT2 Heavy Gunner trigger, which offers a crisp reset to focus on controlled shooting, ensuring a consistent and responsive trigger pull. The bolt carrier group and muzzle device also have our PVD coating that adds corrosion resistance, promising functionality against salt water and rust. This technology also creates a super-slick surface that cleans carbon build-up with one wipe. Lastly, the 13.7-inch S7M handguard, with its M-LOK attachment slots at multiple positions, 4 QD points, and a full-length 1913 Picatinny rail, offers a versatile platform for customization and accessory attachment for a wide range of user preferences and tactical needs. The Type 15 from WATCHTOWER’s SPEC-OPS series is the definitive rifle to rely on.

David Green Master Furrier is an Alaskan family run business and iconic institution celebrating over 100 years in business. Founder David Green was born in Europe into a multigenerational family of Master Furrier craftsmen. Immigrating to New York as a young man, his sense of adventure led to his arrival to Alaska in 1922. Family legend has it that after reading Jack London’s book, “Call of the Wild” he decided to leave the comforts of home and head to the territory of Alaska. His adventures took him throughout Southeast Alaska. Most notably was Cordova, when he met a family that set up an introduction to the woman that would later become his wife, Ruth.

**Hunt Description:**

Hunt Oregon for Fair Chase Aoudad. Yes, that’s correct. Fair Chase Aoudad in Oregon. You will be hunting on a beautiful ranch with Devils Canyon Outfitters (DCO). Just 30 minutes from the Redmond Airport or a 2-hour drive from Portland, if you prefer.

DCO truly specializes in Aoudad hunts. They are shooting Texas-sized rams on these hunts, you just don’t have the Texas sized travel to get there.

Here’s a review from one of their recent hunters: “I thought I could only hunt aoudad in Texas! I was so wrong. This group had me in rams on day one. They know this country, they grew up in this country, and it shows. Easy hunt as you stay and eat near hunting grounds. Picked up and dropped off. Great hunt for anyone of any physical ability.”

This is a first-class operation. Please see the pictures of DCO lodging and accommodations. Rams in excess of 30” are occasionally harvested.

Outfitter: Tierra Encantada Outfitters

Hunt is for 2 hunters in which one hunter will hunt a trophy Oryx 35" +, and the second hunter will hunt for a management Oryx of less than 35". These are guaranteed New Mexico Oryx landowner hunts. This free-range Oryx hunt is conducted on 380,000 acres of private land in south central New Mexico. This SFW outfitter can accommodate all types of hunters, from the seasoned veteran to the new hunters with harvest success rate of 100%. It is well known that the meat from these beautiful creatures rivals, if not surpasses big game meat of any kind. The season is open year-round, so you can schedule the 5-day period that works best for you. There is no need to apply for a license. These are landowner tags on truly unique and private land. The outfitter hunts only a limited number each year to ensure a quality hunt and a healthy herd. All meals, guide fees, and all lodging are included in the cost of the hunt.

During your hunt period you will have the opportunity to look over and critique multiple animals until you find your trophy. This is truly a hunt of a lifetime on one of New Mexico's oldest and largest private ranches.

### ALBERTA MINISTER'S MOOSE LICENSE 2025

Sportsmen for Fish & Wildlife  
Kevin Norman (435) 770-5978 • kevin@sfw.net  
SFW is a 501(c)3 tax exempt charitable organization

Alberta, Canada is home to a thriving population of two species of moose. The top six Canadian moose shot in Alberta have all scored over 220 inches, with the largest scoring a whopping 226 7/8". Three of those moose are on the Boone & Crockett top 10 Canadian moose of all time. Safari Club International (SCI) classifies the moose found in the southwest corner of Alberta as Shiras moose, with 4 of them having scored in the top 20 all-time. Whether you opt for a fly-in tent camp, a remote river canoe trip, a horseback hunt in the mountains, or a prairie hunt supported by ATVs, your moose hunt in Alberta will be second to none. With the help of your selected outfitter, you will be able to hunt beyond the regular season dates in any Wildlife Management Unit (WMU) where a moose season exists, pursuing either Canada moose or Shiras. Not only that, but the permit also allows weapon of choice, offering a chance to rifle hunt before other hunters can. There is no better opportunity to find the monarch moose of your dreams.

#### LICENSE CONDITIONS

The holder of this Antlered Moose Minister's Special License is authorized to hunt one antlered moose, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below.

- This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where a moose hunting season is identified in the current Alberta Guide to Hunting Regulations.

*Listing continued on next page*

- ✦ This license may be held by hunters of any residency status, however, a license holder who is not an Alberta resident must enter into a contract with the holder of a valid Outfitter Permit and be accompanied by a designated guide in accordance with the Wildlife Regulation.
- ✦ This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and the current Alberta Guide to Hunting Regulations.
- ✦ This license does not authorize hunting on Sunday in WMUs where the Sunday hunting of big game is prohibited.
- ✦ While hunting under the authority of this license the hunter may use any legal weapon as defined in the Wildlife Regulation. Please note that the use of rifles during archery seasons should be undertaken with extreme caution and consideration as archery hunters may be using decoys to hunt several big game species. Please be considerate of other hunters to avoid conflicts and ensure safe hunting for all.
- ✦ A hunter is required to hold a Wildlife Certificate before hunting and, when hunting with a bow, must hold a bow hunting permit. This approval does not exempt the MSL holder from the need to follow weapons use restrictions governed by other applicable legislation and regulations, including municipal bylaws.
- ✦ This license opportunity may not be designated to a hunter or license holder via fee or remuneration (may not be sold or exchanged for value).

The Zuni Fish & Wildlife Department from the Zuni Pueblo of New Mexico is providing an opportunity for one (1) or two (2) hunters (Purchasers Choice) to hunt the Zuni Reservation for a trophy quality bull elk and a management bull elk during the peak of the rut. The Zuni Reservation is prime elk country with elevations ranging from 6,200-8,000 feet. Approximately 450,000

acres of rugged canyons, mesa tops, and rolling sandy hills that provide excellent but remote cover for trophy quality animals. This is a fabulous opportunity to hunt the gorgeous mesas and forests of western New Mexico while enjoying the warm hospitality of the Zuni people.

The tags included are valid for 7 days of hunting from September 20 – 26, 2025. Dates are subject to change and are tentative, at the moment. The weapon of choice for the hunt is: Archery, Muzzleloader, or Rifle. This fully outfitted hunt includes field transportation, lodging at the local bed and breakfast, and 3 meals a day. Tribal member guide is required (guide listing will be provided) and not included in the purchase price.

An elk hunt in Alberta is an unforgettable adventure. Home to the Rocky Mountain subspecies, bull elk in Alberta are highly responsive to calling during the rut from late August to early October. From dense boreal forests to bale-speckled cultivated sections, the massive diversity of terrain in Alberta's expansive elk habitat is conducive to hunters of all kinds and abilities. Archery and rifle hunters from around the world visit Alberta annually to cash in on the high population, excellent genetics, and eagerness of our elk to engage. As recently as 2020, a bull scoring 449 1/2" B&C was taken in Alberta... you could be the next to capitalize on our growing herds and strong genetics! Best of all, this permit is open to year-round hunting! This Minister's Special License (MSL) allows the buyer an unprecedented opportunity to hunt at the best possible times, extending their chances to a full 365 days of unparalleled possibilities with any weapon, and in any zone where an elk season exists. Don't miss your chance to bid on this world-class hunt.

*Listing continued on next page*

*Buyer is responsible for any shipping costs.*

**LICENSE CONDITIONS:** The holder of this Antlered Elk Minister's Special License (MSL) is authorized to hunt one antlered elk, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below.

- ♦ This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where an elk hunting season is identified in the current Alberta Guide to Hunting Regulations.
- ♦ This license may be held by hunters of any residency status, however, a license holder who is not an Alberta resident must enter into a contract with the holder of a valid Outfitter Permit and be accompanied by a designated guide in accordance with the Wildlife Regulation.
- ♦ This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and the current Alberta Guide to Hunting Regulations.
- ♦ This license does not authorize hunting on Sunday in WMUs where the Sunday hunting of big game is prohibited.
- ♦ While hunting under the authority of this license the hunter may use any legal weapon as defined in the Wildlife Regulation. A crossbow license or bow hunting permit must be obtained by the MSL license holder should they choose to hunt with these weapons. Please note that the use of rifles during archery seasons should be undertaken with extreme caution and consideration as archery hunters may be using decoys to hunt several big game species. Please be considerate of other hunters to avoid conflicts and ensure safe hunting for all.
- ♦ A hunter is required to hold a Wildlife Certificate before hunting and, when hunting with a bow, must hold a bow hunting permit. This approval does not exempt the MSL holder from the need to follow weapons use restrictions governed by other applicable legislation and regulations, including municipal bylaws.
- ♦ This license opportunity may not be designated to a hunter or license holder via fee or remuneration (may not be sold or exchanged for value)

As the pioneers of long-range precision hunting, Best of the West and Huskemaw continue to lead the industry with complete rifle systems that make it easier for hunters to ethically and efficiently harvest game.

All of our rifles are expertly assembled by our team in Cody, Wyoming and field-tested to ensure sub-MOA accuracy at 1,000 yards.

Each rifle is topped off with a custom double-stack data turret on the Huskemaw scope, which is precisely calibrated to match the rifle's ballistics, ammunition and intended atmospheric conditions.

These custom Mule Deer Foundation rifles were built around the most popular western hunting calibers.

They were chosen for their excellent ballistic performance, inherent accuracy due to excellent design as well as ease of finding ammo no matter where you travel in mule deer country.

In addition to our passion for building the best precision hunting rifles in the industry, Best of the West and Huskemaw are devoted to continuing the legacy of the North American conservation model through our partnerships and support of multiple conservation organizations as well as sending our team for boots on the ground projects across the west.

Perfect for two buddies who want to see Alaska from the air, hunt trophy moose and are capable outdoorsmen comfortable with the DIY experience. If you have been looking for an affordable way to hunt huge Alaska moose, look no further. Success rates and trophy quality are both excellent on this DIY moose hunt in Alaska.

The most attractive things about this DIY trip with this SFW-endorsed outfitter are:

- 1- Camp is set up for you
- 2- An experienced pilot-guide flies you into your area and allows you to preview the terrain.
- 3- Satellite phone provided to always keep you in reach.
- 4- This hunt has a high success rate and is an extremely economical Alaska hunt.

In the area this outfitter hunts, the Alaska moose tags are over-the-counter. Hunting season is the month of September. Clients regularly take 55- to 65-inch bulls! Past hunters have enjoyed a 75% success rate, with an opportunity rate of 90 to 100%.

These areas are very conducive to moose calling. We recommend that you learn to call before you go on your hunt.

**ALBERTA MINISTER'S WHITETAIL LICENSE 2025**

Sportsmen for Fish & Wildlife

Kevin Norman (435) 770-5978 • kevin@sfw.net

SFW is a 501(c)3 tax exempt charitable organization

Alberta, Canada is home to three of the top ten typical and non-typical deer ever taken; no other single state or province on the continent has more deer on the lists! Whitetail deer in Alberta inhabit almost every inch of the province, with extremely high potential in every region for harvesting a top-notch specimen wherever you choose to go. With this permit, early season Whitetail that are normally reserved for bowhunters can be hunted with any weapon, using any method, with treestand hunting prevailing. In the full swing of the rut in November, hunters with all weapons can take advantage of cold weather and extremely mobile deer. Many archery hunters endure long treestand and blind sits in the rut, to capitalize on bucks' intense rutting behavior, while employing tactics such as rattling and bleating to draw in dominant bucks. Rifle hunters can enjoy hunting the expansive prairie, watching great populations of deer feed, chase and spar while they plan their stalks. Few whitetail hunters leave Alberta without seeing many intense sparring matches - truly a moment in nature that you will never forget. With the ability to hunt August 25 to August 24 the following year, the buyer of the Minister's Special License (MSL) can take advantage of winter months after the general season closes, where hunting pressure on whitetails is non-existent. With no timing, weapon, or zone restrictions, this permit presents the best possible opportunity to harvest a record book whitetail deer in one of the finest regions in which they thrive.

**LICENSE CONDITIONS:**

The holder of this antlered white-tailed deer Minister's Special License is authorized to hunt one Antlered White-tailed Deer, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below.

- This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where a white-tailed deer hunting season is identified in the current Alberta Guide to Hunting Regulations.
- This license may be held by hunters of any residency status, however, a license holder who is not an Alberta resident must enter into a contract with the holder of a valid Outfitter Permit and be accompanied by a designated guide in accordance with the Wildlife Regulation.
- This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and the current Alberta Guide to Hunting Regulations.
- This license does not authorize hunting on Sunday in WMUs where the Sunday hunting of big game is prohibited.
- While hunting under the authority of this license the hunter may use any legal weapon as defined in the Wildlife Regulation. A crossbow license or bow hunting permit must be obtained by the MSL license holder should they choose to hunt with these weapons. Please note that the use of rifles during archery seasons should be undertaken with extreme caution and consideration as archery hunters may be using decoys to hunt several big game species. Please be considerate of other hunters to avoid conflicts and ensure safe hunting for all.
- A hunter is required to hold a Wildlife Certificate before hunting and when hunting with a bow must hold a Bow Hunting Permit. This approval does not exempt the MSL holder from the need to follow weapons use restrictions governed by other applicable legislation and regulations, including municipal bylaws.
- This license opportunity may not be designated to a hunter or license holder via fee or remuneration (may not be sold or exchanged for value).

You will not want to pass up the opportunity to hunt Rocky Mtn. Bighorn Sheep on Utah's famed Antelope Island. Permit provided by the Utah Division of Wildlife Resources and Utah State Parks.

This special tag also represents a huge achievement in North American Conservation. The original source population, translocation, and reintroduction of the Sheep were planned and paid for by KUIU Conservation Direct, in partnership with the Utah DWR and Utah Wild Sheep Foundation.

This is the first new huntable sheep population created by a private hunting brand and a testament to the commitment and success KUIU has made over the last five years through Conservation Direct.

Many thanks also goes out to the Utah Legislature and Utah State Parks for allowing this unique opportunity. Only two tags will be made available for these Sheep on the Island, one bid tag and one public draw tag.

 Booth # 1210

Edition of 15  
 For most plains Indian tribes, the buffalo (bison) was a whole life staple providing untold uses from every part of the animal - nothing wasted.

For eons the vast numbers of these great animals were available to them for which they had a deep respect and gratitude that often showed up in their art and rituals. "The buffalo, or bison, provided hides for clothing and shelter (tipis) as well as food for Plains Indians, notably the Sioux (the Dakota, Lakota, and Nakota). Their ceremonies invoked the spirit and power of Pte Oyate, the ancestral Buffalo Nation whose territory lay beneath the earth before its people were tricked into emerging onto the surface. Buffalo headdresses and drums, heartbeat of the nation, and skulls were used to express thanks for the providential buffalo and to revel in the many blessings it brought – blessings that were nearly voided by the massive slaughter of herds by market runners in the 1800's."

My prayer is that these great and valuable herds will someday soon be resurrected, and that present day hunters will accord the same respect and honor to all the animals we harvest. Clyde "Ross" Morgan

Colorado has 428,000 deer and when it comes to trophy deer, Colorado grows some of the best. Trophy buck mule deer can be found throughout Colorado. Colorado’s eastern plains are home to some exceptional whitetails. September is a good time to catch your trophy still in velvet at or above timberline. Hunt western Colorado’s biggest mule deer in November during the rut. Whatever your choice, you will not be disappointed with the quality and quantity of Colorado’s mule deer. Offered by the Mule Deer Foundation. MDF is a 501(c)3 tax exempt charitable organization.

Area: Statewide (seasonal and localized closures apply) See Colorado Proclamation.  
 Dates: An auction or raffle deer license is valid in all units that are open to the hunting of deer in Colorado and entitles you to take one deer of either species. The deer license is valid on a unit-by-unit basis from the beginning of the first open deer season in the unit until November 30th west of Interstate 25 and December 31st east of I-25. Once a deer season of any method of take has opened in a unit, you can hunt using any legal manner of take (i.e. rifle, muzzle-loader, archery) until you harvest a deer. Yes, you can hunt with a rifle during the archery season and when no other regular seasons are open.

 Kevin Norman (435) 770-5978 • kevin@sfw.net  
 SFW is a 501(c)3 tax exempt charitable organization

Famous as one of North America’s premier mule deer hunting destinations, Alberta, Canada produces some of the continent’s greatest record potential, year after year. From the farmland of northern Alberta to the open grassland and coulee habitat of the south, to the foothills of the Rockies, Alberta’s outfitters consistently put record book quality deer in front of their hunters. Our province has put 8 typical mule deer in the book that exceed 200 inches, and we have long held the record for non-typical mule deer: a 355 2/8-inch whose score will likely never be topped. Alberta presents the most diverse mule deer hunting experience available anywhere. Hunters can enjoy truck-based hunting, covering lots of ground and locating deer feeding and bedding in cultivated fields before executing a short stalk, or you can travel on horseback, or hike, and glass our thousands of acres of highly productive deer habitat in the foothills or coulees. There is no doubt, Alberta already presents diverse and rewarding world-class mule deer hunting opportunities for hunters of all kinds, and this Alberta Minister’s Special License (MSL) sweetens the deal even further, allowing the buyer an unprecedented opportunity to hunt at the best possible times, and giving them the incredible once-in-a-lifetime opportunity to hunt with their weapon of choice starting on August 25 of a given year, in any Wildlife Management Unit (WMU) where a mule deer season exists, for a full 365 days. Your dream Alberta hunt is just around the corner with this Alberta Minister’s Special License for mule deer.

**LICENSE CONDITIONS:**

The holder of this Antlered Mule Deer Minister’s Special License (MSL) is authorized to hunt one antlered mule deer, in accordance with all provisions of the Wildlife Act and Wildlife Regulation unless exempted in the conditions below.

- This special license is valid from August 25, 2025, to August 24, 2026, in any Wildlife Management Unit (WMU) where a mule deer hunting season is identified in the current Alberta Guide to Hunting Regulations.
- This license may be held by hunters of any residency status, however, a license holder who is not an Alberta resident must enter into a contract with the holder of a valid Outfitter Permit and be accompanied by a designated guide in accordance with the Wildlife Regulation.
- This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and the current Alberta Guide to Hunting Regulations.
- This license does not authorize hunting on Sunday in WMUs where the Sunday hunting of big game is prohibited.
- While hunting under the authority of this license the hunter may use any legal weapon as defined in the Wildlife Regulation. A crossbow license or bow hunting permit must be obtained by the MSL license holder should they choose to hunt with these weapons. Please note that the use of rifles during archery seasons should be undertaken with extreme caution and consideration as archery hunters may be using decoys to hunt several big game species. Please be considerate of other hunters to avoid conflicts and ensure safe hunting for all.
- A hunter is required to hold a Wildlife Certificate before hunting and, when hunting with a bow must, hold a bow hunting permit. This approval does not exempt the MSL holder from the need to follow weapons use restrictions governed by other applicable legislation and regulations, including municipal bylaws.
- This license opportunity may not be designated to a hunter or license holder via fee or remuneration (may not be sold or exchanged for value).

Imagine navigating a sportsman's paradise without worry of licensing or tags and without a limit on the number of animals you can hunt. Picture yourself stalking wild game through untouched wilderness, immersed in the moment, and guided by people passionate about the outdoors and the thrill of the hunt. Don't just imagine it ... Experience it!

Spey Creek Trophy Hunting invites one hunter and one non-hunter on this five-day guided rifle or bow hunt at its spectacular private ranch in Kaikoura, New Zealand—an enchanting land that continues to win honors as a top international destination. Spey Creek Trophy Hunting’s ranch offers an exclusive opportunity to hunt in a naturally controlled environment brimming with mature, trophy-class game animals. Included in your adventure are: first-class accommodations in a luxurious 3,000-plus square foot lodge located in the middle of the hunting area, delectable meals, 2x1 guide service, transportation to and from the airport and during your hunt, trophy field preparation and one red stag scoring up to 450 SCI. Your arrival/departure point is Christchurch Airport on the country’s South Island.

If you are looking to cross a big red stag off your bucket list, Spey Creek is the place to hunt. Spey Creek clients continue to set records for the largest red stags taken with any hunting method. In fact, its clients have taken many Top 10 animals in all four weapon categories. The sheer quality and quantity of game animals Spey Creek provides is part of the reason it has been featured in multiple hunting and outdoor publications and television outdoor shows through the years.

But the experience is not just about taking a large animal. Spey Creek Trophy Hunting offers an exceptional experience with both free-range and estate hunting on thousands of acres for multiple species of all sizes, including the majestic red stag, tahr, elk, chamois, fallow buck, South Pacific black-faced Arapawa ram, and feral goats and hogs.

Experience this top-notch hunting lodge in breathtaking Kaikoura on the South Island of New Zealand, famous for its natural beauty, lakes, glacial valleys and mountain peaks. In addition to the fantastic hunting, the small seaside town of Kaikoura is ideally located for sightseeing and outdoor adventures. Extra game animals and sightseeing days may be added to this package at current published rates.

The year of 2021 will always be special to Jason Nelson. After a long 17-year wait, luck was on his side. He drew a late season Colorado tag. The unit had potential for great deer and Jason had his mindset on a 200" buck. Jason's hard work and dedication paid off. With his son Hudson and some good friends, Phil and Matt Jason were able to kill a buck of a lifetime. Scoring over 230.

Skull artist Jana Waller Bair added Swarovski Crystals to create this unique and amazing piece. Skull & replica antlers donated by Kolyer Andersen of Split Image Replicas. Kolyer & Jana have been supporting conservation for years and always come together to create an amazing piece that anyone would be happy to display in their home or cabin.

Whether you're looking to complete your Sheep Grand Slam, or just harvest a gorgeous ram, our desert sheep hunts will supersede your expectations. This sheep hunt is on Tiburon Island with the best guides you'll find in Mexico. The rams we see typically range from 160-185+, but we pride ourselves in targeting older-age, mature sheep. To date, our success rate in harvesting fair-chase rams has been 100%. Our desert bighorn sheep hunts are second to none.

The thrill of the chase is one of the main reasons people hunt these gorgeous sheep. Their keen senses and exceptional footing allow them to easily navigate steep terrain – surprising even the most seasoned hunters with their whereabouts. Those who are looking for a physically challenging hunt – requiring a high level of skill and physical fitness – aka “Sheep Shape” – will be highly satisfied.

Meals and lodging included. We employ only top shelf Mexican chefs in our well-appointed outfitter tent camp at the base on the waterfront of Tiburon Island.

The Mule Deer Foundation and Eastmans' have teamed up to launch a special four-year series of hand-selected commemorative bottles of Wyoming Whiskey, known as the Living Legends series. While most of the individually hand-numbered bottles have been sold at events throughout Wyoming, this is your exclusive opportunity to own the complete set of #1 bottles from each year. This package also includes a one-of-a-kind antler display shelf, a unique barrel top (1 of 1) signed by the partners, a signed #1 of 7 Living Legends framed print by Brent Todd, and a custom Wyld Gear cooler, also signed by the partners.

As part of this exclusive offer, you'll also enjoy a meet-and-greet with the Eastmans' at Wyoming Whiskey in Kirby, WY, including four exclusive welcome gifts to complete your collection.
